sufficient supporters to defeat the Selis faction.

Of the cight counties where conventions were held there will be contesting delegations from three counties, sullivan Carter and Claiborne. In Claiborne each faction received three one-half voice each. The delegates selected at the conventions held in Greene, Unicol and Cocke counties were instructed to vote for Shipley and Testerman.

In the convention held in Sullivan county, delegates were selected by both the Vines and Selis factions to attend the state convention and the Greene-ville convention. Although Congressman Selis' supporters were in the majority at the Sullivan county convention, the friends of Judge Vines split with them, and elected delegates to the coming conventions.

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your bair is your charm. It makes or mars the face. When it fades, turns gray or stresked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold. redfold.

Don't bother to prepare the mixture

Don't bother to prepare the mixture; you can get this famous old recipe impered by the addition of other ingredients at a small cost, all ready for use. It is called Wveth's Sage and Suphur Compound. This can always be depended upon to bring back the matural color and lustre of your hair. Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply damper a sponge or self trush with it and draw this through the hair, taking one small strand at a time, by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

"Brenlin" Shades

For Immediate Delivery

Our buyer visited the Brenlin factory, and while there completed arrangements whereby we will receive large shipments of cloth-and we even now have complete stocks of this splendid wearing shade cloth. Such colors as mauve, ivory, white, stone, sage green and the duplex colors are here in all the widths. All mounted on Stewart-Hartshorn Improved Rollers.

The Importance of Choosing the Right Shades

And now we come to one of the most important parts in the decorative scheme of your home-your window shades. If your shades do not harmonize with the tone of your walls -if they are not smooth-if they do not hang straight-if they are not fine-textured-you will destroy the artistic effect of your rooms. Your windows are the essential part of your decorative plan. Think of them FIRST.

In choosing your shades avoid violent contrasts between them and your walls. They are part of your wall space and should tone in with your wall covering. And remember that light shades reflect more light than dark shades a point worth considering if you wish to reduce the cost of illumination. We usually advise duplex shades because the inside can be light to harmonize with the interior furnishings, while the outside can be of darker tones to harmonize with the exterior of the house. This avoids the use of two shades-a useless expense and unbeautiful as well.

A special discount of 10% on all shade orders placed during this week. Delivery will be made when you wish. Place your order now.
